

**William Harvey (M72), USA – Men's #1 Throws**

What does this award mean to you: Recognition from your peers is always fun to get. However, now I will have to up my game to measure up to it.

What were your highlights of 2017: Starting in November 2016 through 2017, winning the shot and discus at

WMAs in Perth, Australia and Daegu, South Korea; WMG in Auckland, New Zealand, USATF in Baton Rouge; National Senior Games in Birmingham; and WMA Regional in Toronto. My best run.

What else, other than Track & Field, do you do: I still do a little coaching and serve as a referee at the Arcadia HS Invitational (or whatever Christel Donley tells me to do even though she would deny it) and the Nevada State Meet in the even years when it is in the North,

What are your hobbies: Woodworking, travel, all things Lake Tahoe.

What did / do you for a living: I retired in 1999 from coaching and teaching. Math at the high school level. Biomechanics and research methods at the college level. Track and field. Last 20 years at Occidental. I also did property development and built houses in my off time and completed my last project other than a house for us in 2005.

Where did you grow up and go to school: I grew up in Arcadia, CA, went to Arcadia High School, Occidental College (undergrad), and Trinity University (graduate).

What else is interesting about you: I win a lot of meets on my last throw. I seem to put myself in a hole way too much.
